Thank you!” Lindy McClean, author, *Senior Smart Puzzles* “Without glitzy idealism or funky hopelessness, Kremer does a sound job of talking about marketing, telling stories from his own and others experiences. He knows his subject, imparting important information in a fast-paced, very open way. Extremely good stuff here.” *The Book Reader* “Kremer is the go-to guy for marketing books. John Kremers book on marketing books is the bible of the industry. Not only are Kremers tips and resources excellent for promoting books, but you can use many of the techniques and strategies for promoting a variety of other goods and services. Highly recommended!” Joel Comm, author, *The AdSense Code: What Google Never Told You About Making Money with AdSense* “About one month before my book hit the bookstores and Amazon, I read John Kremers book. I was so mad at myself for not reading it earlier. While reading Johns book, I put a star next to all the ideas that I thought would work for me. By the time I finished the book, I had a book marketing plan. The biggest problem with the plan is that I was late on steps that I should have started months before publication date that are clearly outlined in Johns book. Now I have an orderly plan with ideas and contacts that I would have never considered before reading Johns book. His new edition also does a great job covering internet marketing which today is extremely important. John has so many excellent ideas and so many contacts to implement the ideas that it is inconceivable that every author would not derive enormous benefits from buying and reading this book. His table of contents and index are so detailed, you can easily find whatever you are looking for. I have also found that lots of clients entertain dreams about writing a book. I tell people thinking about writing a book to think about the marketing of the book before they even write it. I actually bought a case of Johns books and have been passing them out to people that mention they are thinking about writing a book. People LOVE getting this book as a gift. It is the best business gift for less than \$30 that I know.” James Lange, author, *Retire Secure!* “John Kremers 1001 Ways to Market Your Books was instrumental to our success in making *The 7 Habits of Highly Effective People* one of the two most influential business books of the 20th century.” Stephen M. R. Covey and Greg Link, authors of *Smart Trust* “I used your book, 1001 Ways to Market Your Books, in 1998 here in Australia and created a #1 national non-fiction bestseller” all at the tender age of 22 and unemployed!” Bret Kelly
