

Bob Dylan is more than a great musician and songwriter -- he is a part of our cultural fabric, the poet laureate of a generation. It is with great pleasure that we present rare visual footage of one of the most compelling artists of this century. Early Dylan features the work of Barry Feinstein, Daniel Kramer, and Jim Marshall, three master photographers who were there from the beginning and were given unique access to Bob Dylan and his private life. Many of the eighty photographs featured have never before been published and portray a young Dylan at the start of his career in the 1960s. In the extended caption section following the portfolio, each photographer reveals details of his experiences with the young artist on the brink of huge celebrity. Since the early sixties, Bob Dylan has been in the national spotlight, and this book will satisfy both his older generation of fans and his many new devotees.

Joseph Chaikin: Exploring at the Boundaries of Theater, The suburban cottage: Its design and construction, Young Lions, The, Beat Your Allergies (52 Brilliant Ideas): Simple, Effective Ways to Stop Sneezing and Scratching, Dimensionen des Selbst: Eine philosophische Anthropologie (Edition Hardenberg) (German Edition), The Joy of the Gospel: A Companion Guide to Evangelii Gaudium, Viaje al centro de la Tierra: volcanes, terremotos, minería, basura, diamantes y petroleo explicados por la geología (Ciencia que ladra... serie Clásica) (Spanish Edition), The Antithesis between Symbolism and Revelation,
